

# UnitedHealthcare's Specialty Pharmacy Program

## Specialty Medications List—January 1, 2023

Specialty medications must be ordered from a network specialty pharmacy to get network coverage. Not all medications listed may be covered or locked\* under your plan. At times, generic versions may be covered when the brand is excluded. Other restrictions, such as prior authorization, supply limits or step therapy may apply. Refer to your benefit plan documents to check coverage.

Our specialty pharmacies, including Optum® Specialty Pharmacy, offer support from pharmacists 24 hours a day, 7 days a week. Your medications will be shipped to you at no extra cost. To fill a specialty medication on this list, call the number on your health plan ID card to find specialty pharmacies in your network.

Medical Condition	Medication Name	Method of Administration
Anemia	<b>Aranesp*</b>	Injection
Anemia	<b>Epogen •</b>	Injection
Anemia	<b>Procrit*</b>	Injection
Anemia	<b>Retacrit*</b>	Injection
Anticonvulsant	<b>Diacomit</b>	Oral
Anticonvulsant	<b>Epidiolex</b>	Oral
Anticonvulsant	<b>Fintepla</b>	Oral
Anticonvulsant	<b>Ztalmy</b>	Oral
Antihyperlipidemic	<b>Juxtapid</b>	Oral
Anti-Infective	<b>Arikayce</b>	Inhalation
Anti-Infective	<b>Daraprim</b>	Oral
Anti-Infective	<b>Pyrimethamine</b>	Oral
Anti-viral	<b>Livtencity</b>	Oral
Asthma	<b>Fasenra</b>	Injection
Asthma	<b>Nucala</b>	Injection
Asthma	<b>Xolair</b>	Injection
Cardiovascular	<b>Camzyos</b>	Oral
Cardiovascular	<b>Droxidopa</b>	Oral
Cardiovascular	<b>Northera</b>	Oral
Cardiovascular	<b>Vyndaqel</b>	Oral
Cardiovascular	<b>Vyndamax</b>	Oral
CNS Agents	<b>Austedo</b>	Oral
CNS Agents	<b>Enspryng</b>	Injection

\* CA plans may not require this medication to be ordered from a specialty pharmacy

Not all medications listed may be covered under your plan. Please refer to your benefit plan documents to determine coverage limitations. This list is subject to change.
