What you need to know in advance, or about your DeltaCare® USA plan

How DeltaCare USA works

We make it easy for you — your DeltaCare USA network dentist will take care of all the paperwork, and no plan ID card is required to receive treatment.

- You must visit a DeltaCare USA general dentist to use your plan.¹ Your general dentist will coordinate and refer you to specialists for care, if needed.
- You may select an in-network general dentist, or a general dentist can be assigned at first visit if you haven't selected a dentist yet.²
- You can select or change dentists anytime online or by phone.
- Pay predefined, all-inclusive copayments —
 with no hidden fees (no material or lab fees)
 at the time of service. Consult your plan
 booklet for coverage.
- No deductibles, maximums or waiting periods for covered services. No claims to submit no hassle!
- Transparent out-of-pocket costs shown in your plan booklet or online account

What your plan covers

You're covered for hundreds of procedures with no annual limit on the amount your plan pays.

- Comprehensive coverage for 350+ procedures that prioritizes preventive care
- Cleanings and exams covered at low or no cost
- Orthodontics coverage for adults and children, including clear aligners
- Extensive care including crowns, dentures, root canals, oral surgery and more

Getting started

To enroll in a DeltaCare USA plan, simply complete the enrollment process as directed

by your benefits administrator. Select a new DeltaCare USA dentist or check to see if your preferred general dentist is in-network.

Once we process your enrollment, we'll mail you welcome materials that will include:

- The name, address and phone number of your selected general dentist or instructions on how to select one. Simply call the dental facility to make an appointment. Important note: In order to receive benefits under your plan, you must visit your general dentist facility. You can visit any DeltaCare USA general dentist at your selected dental facility as long as they are in the DeltaCare USA network.
- Your Evidence/Certificate of Coverage (plan booklet). This useful document provides a thorough description of how to use your benefits, including covered services, copayments and any limitations and exclusions of your plan.
- An ID card. This card is for your records only

 you do not need to present it in order to receive treatment.

Visit <u>deltadentalins.com</u> to create a free, secure online account. You can access your plan benefits and ID card, select (or change) your general dentist and more.

General plan information

You and your eligible dependents have emergency dental service coverage for out-of-area emergencies.³ Your out-of-area emergency benefit (typically limited to \$100 per person) is for services to relieve pain until you can return to see your general dentist.⁴ Standard plan limitations, exclusions and copayments may apply.

¹ In AZ, MD, and TX, if you do not select a dentist when you enroll, we will choose one for you.

² If you have not yet been assigned to a DeltaCare USA general dentist, you can do so by visiting any DeltaCare USA general dentist that is accepting new patients. When your selected dentist files a qualifying claim, you will be added to their roster and they will become your assigned DeltaCare USA general dentist. Once assigned, you must visit this dentist for future visits to receive benefits.

³ State-specific minimum distance requirements may apply.

There are no exclusions for most pre-existing conditions, except work in progress. Treatment in progress includes services such as preparations for crowns or root canals, or impressions for dentures. If you started treatment before your plan's effective date, you and your prior dental carrier are responsible for any costs. Some DeltaCare USA plans may cover in-progress orthodontic treatment.

Glossary

Here are some common terms that will help you understand your plan:

Authorization: The process by which Delta Dental determines whether a procedure or treatment is a referable benefit under your plan. Your assigned general dentist must obtain prior authorization from us to refer you to an out-of-network specialist or out-of-network orthodontist. Services performed by an out-of-network dentist, specialist or orthodontist that are not authorized by us will not be covered.

Copayment, or copay amount: The fixed dollar amount a member is responsible for when receiving treatment.

DeltaCare USA dentist: A dentist who is a member of the DeltaCare USA network. These dentists have contracted with Delta Dental and agreed to accept negotiated fees for the services provided to DeltaCare USA members. You must visit a DeltaCare USA dentist to receive plan benefits.

Diagnostic and preventive services: A category of dental services that includes benefits for oral evaluations, routine cleanings, x-rays and fluoride treatments. There are low or no copayments for these services to encourage you to seek regular care and prevent problems from developing.

Effective date: The date your dental plan becomes active. Also, the date a member becomes eligible for benefits.

Limitations and Exclusions: Limitations are usually related to a specific time or frequency — for example, a plan may cover only two cleanings in a 12-month period or one cleaning every six months. Exclusions are services not covered by a plan.

(Dental) Referral: Directing a patient to a dental specialist by a general dentist. When specialty dental care is needed, your general dentist will refer you to a trusted specialist in the network.

Specialist services: Services performed by a dental specialist, such as oral surgery, endodontics, periodontics or pediatric dentistry. When specialty dental care is needed, your general dentist will refer you to a trusted specialist in the network.

⁴ In TX, there is no limit on the number of miles or on the dollar amount per emergency.

 $^{^{5}}$ In TX, there is no exception for work in progress for covered DeltaCare USA benefits.

SCHEDULE B

LIMITATIONS

- 1. The frequency of certain Benefits is limited. All frequency limitations are listed in *Schedule A, Description of Benefits and Copayments.*
- 2. If You accept a treatment plan from the Contract Dentist that includes any combination of more than six crowns, bridge pontics and/or bridge retainers, You may be charged an additional \$100.00 above the listed Copayment for each of these services after the sixth unit has been provided.
- 3. General anesthesia and/or intravenous sedation/analgesia is limited to treatment by a contracted oral surgeon and in conjunction with an approved referral for the removal of one or more partial or full bony impactions (Procedures D7230, D7240, and D7241).
- 4. Benefits provided by a pediatric Dentist are limited to Members through age 13 following an attempt by the Contract Dentist to treat the Member and upon Authorization by Us, less applicable Copayments. The Plan will consider exceptions on an individual basis if a Member has a physical or mental impairment, limitation or condition which substantially interferes with that Member's ability to have Benefits provided by a Contract Dentist.
- 5. The cost for receiving orthodontic treatment whose coverage is cancelled or terminated for any reason will be based on the Contract Orthodontist's submitted fee for the treatment plan. The Contract Orthodontist will prorate the amount for the number of months remaining to complete treatment. You make payment directly to the Contract Orthodontist as arranged.
- 6. Teledentistry services provided by a Dentist other than Your Contract Dentist are considered Out-of-Network and may result in an out-of-pocket cost to You.
